«Elena Polenova is a Godsend. She counseled my son through the college application process and he has been accepted with generous merit scholarship offers at all of his top choices. Elena's experience and understanding of the process is invaluable and easily saved us tens of thousands of dollars in tuition expenses. She helped my son choose topics for his college essays and once he wrote them she had them rigorously and skillfully copy-edited for submission. Hiring Elena is a no-brainer if you care about your child's success.»

When I first started the college admissions process, I didn't know where to start. Everything was so overwhelming, and although I knew that I wanted to find a college I loved, I didn't know how to. From my first meeting with Elena, all that changed. Elena helped me create a clear plan to get through the next six months of work. She linked me with an excellent SAT tutor (who helped raise my score 120 points), recommended colleges she knew I would love, explained the behind-the-scenes of the college admissions process, turned my ideas from rough ideas to polished finished products, and encouraged me the whole time. Elena is an excellent professional, and shared her years of experience with the sole intention of finding my best-fit college. As a person, Elena is funny, no-nonsense, and incredibly kind. I couldn't be more happy with my decision to reach out to her. Next year, I will attend Middlebury College. I am so excited! I couldn't have done it without Elena. I cannot recommend her more highly. I wish you the best in your application process!
